ARRELLANES TO ANSWER 'WHITE SLAVE' CHARGE

PITCHER TO CONFRONT GIRL

Coast Leaguer Is Held in Los Angeles Jail

Stroud, Latest Player Involved in Sensational Case

BULLETIN.
PORTLAND, Ore., Oct. 2.—W. H. McCredie, manager of the Portland Coast League team, and W. W. Metzger, a \$2000 bond here today for the release of Frank Arrellanes, the Mission team pitcher, who was arrested in Los Angeles yesterday on the charge of contributing to the delinquency of a minor.

LOS ANGELES, Oct. 2.—Frank Arrellanes, a pitcher on the Mission team of the Coast League, who was arrested in connection with alleged offenses against a minor girl in Portland, Ore., remained in jail today awaiting the arrival of an officer from Portland. As Arrellanes was arrested on a fugitive warrant the question of bail was not considered and the ballplayer was forced to stay in his cell. It was stated that if he were not taken north within forty-eight hours habeas corpus proceedings might be instituted and bail allowed pending a decision.

Arrellanes declared he was innocent of any wrongdoing and said some other man must have been using his name.

CONTINUE INQUIRY.
PORTLAND, Oct. 2.—"We are not through making arrests in these cases," said Deputy District Attorney Robert Deich today. "We have direct evidence against Pitcher Ralph Stroud of the Mission team and will, in all probability, arrest him on a charge of giving liquor to the 14-year-old girl involved in the Arrellanes case. A waiter who served the liquor, the proprietor of the place and a young woman who accompanied Arrellanes, Stroud and the girl also will be brought in. We have evidence, too, against several vaudeville actors who were here recently and who are now playing at San Francisco."

Activities of the district attorney and the police against the alleged members of the vice trust were suspended temporarily today following the issuance of a warrant for Frank Arrellanes, pitcher of the Mission baseball team, charged with contributing to the delinquency of a minor. Arrellanes is the fifth man to be arrested formally. Five young girls are also held in custody, but no charges have been filed against them.

PLAYERS MAKE STATEMENT.
Arrellanes' accuser is a girl less than 14 years old. She is told the officials that she became acquainted with Arrellanes by telephone and that he took her to a hotel and to the clubhouse at the baseball park when no one else was there. The warrant for Arrellanes' arrest was telegraphed to Los Angeles, where his team is playing.

Elmer Lober and Robert Davis, Portland baseball players, arrested yesterday, issued a joint public statement.

TRIES VAINLY TO SMUGGLE DELICACY TO FATHER IN JAIL

Intent upon supplying his father with the luxury of several cans of sardines, little Joe Gomez Jr., has twice within the last two days been caught attempting to smuggle a half-dozen tins into the county jail. When told by Deputy Sheriff Woodson that the articles were contraband the lad left but returned later and endeavored to poke them through a lower window opening into one of the corridors. He was driven away, but went back several hours later when the watch changed and with the tins under his coat sought to visit his father. The package was noticed by Chief Jailor Clark. While his back was turned for a minute the young visitor made a dash for the corridor, hoping to drop the package within recoverable distance of his parent. Not satisfied with being frustrated Gomez Jr. returned this morning and was reprimanded by Deputy Callaghan. Among the packages he carried was one containing the sardines. He reluctantly left them on the outside when he went in for a chat with his father.

Gomez is held pending trial on a statutory charge in an offense alleged to have been committed in San Leandro.

MAYTORENA ATTACKS HILL

Constitutionalist General Prepares for Terrific Battle

NACO, Sonora, Mexico, Oct. 2.—The battle of Naco began shortly before noon today. With cavalry screen and skirmishers deployed in the van, Governor Maytorena launched his main force upon General Benjamin Hill's Carranzista army of 1800 men entrenched within the town. Hill was prepared either for assault or for siege.

All the civilians of Naco had moved across the American line several days ago, and Hill had everything cleared for action. On the American side long lines of coal cars afforded shelter for crowds of spectators assembled to see the third battle staged at Naco since Madero started warfare in Mexico.

In his preparations for battle or siege Hill had imported from the American side a quarter million cartridges, a carload of flour and a carload of clothing, including 4000 pairs of shoes for his men.

U. S. TO PROTECT MEXICANS.
YERBA CRUZ, Oct. 2.—An American warship will prevent political refugees leaving Yerba Cruz from falling into the hands of the Constitutionalists at Progreso, when the Ward line steamer Monrovia enters the waters off that port next week.

By order of President Wilson, Rear Admiral Frank Peabody has given instructions for the cruiser Des Moines to continue her operations.

BIG BATTLE IMMINENT IN RUSSIA

Austro-German Forces Concentrated at Cracow in Millions

Muscovites Rally Great Host for Invasion of Silesia

By Associated Press.
PETROGRAD, via London, Oct. 2, 2:20 p. m.—It is the opinion of observers here that as a result of the recent fighting on the Russia-German frontier the German positions are suffering from the efforts to concentrate troops from four directions on the southeast Polish border, where a decisive battle is expected.

The north division of the German army landed between Memel, in East Prussia, and Posen, in Russia, but proceeded no farther than Rosyent, in the province of Kona. The army from the province of Suwalki repulsed at Druseniki on the left bank of the River Niemen, is now attempting to cross this river at Gretch, where a big battle is in progress. It is evident the intention of this army to flank the Russians under General Ruzhicki. A third army is trying to proceed from Heidenburg, in East Prussia, southeast in the direction of Warsaw, but apparently without success. Simultaneously the main German force, starting from Posen, are proceeding eastward with Cracow as their objective. The southern division of the German army already has joined with the Austrians at Cracow.

CONCENTRATE MILLIONS.
By Associated Press.
LONDON, Oct. 2.—It is officially announced at Vienna, according to Rome dispatches to the Exchange Telegraph Company, the Austro-German army concentrated at Cracow number 2,500,000 men.

RUSSIAN STRENGTH 1,000,000.
By Associated Press.
PARIS, Oct. 2.—The Rome correspondent of the Havas Agency, says a dispatch from Petrograd to the Giornale d'Italia, states that in the great battle which is imminent in the region of Cracow, Galicia, the Russian strength will be 1,000,000 men, with powerful artillery, under the command of Generals Rozsky, Brasillag and Dmichriev.

Four corps of Bavarians and Saxons have re-enforced the Austrians for the purpose of attempting to prevent the Russians from invading Silesia, adds the dispatch. The Austrian and German forces have been joined.

U. S. Provides Funds for Oakland Harbor

President Wilson today affixed his signature to the rivers and harbors bill appropriating \$20,000,000 to be expended under the direction of the war department, according to telegraphic dispatches from Washington, D. C. This money is to be used on projects already under way. It is understood.

The appropriation will be particularly used on the continued dredging of the channel in the Oakland tidal canal is the understanding of harbor experts here. Just how much of the appropriation will be available here has not been made known.

The war department engineers recently made a survey of the work under way and reported as to what should be added to develop the harbor work on the east bay shore adequately. This report will be used in the allotting of the appropriation.

Germans Pack Up Documents

TERRIFIC FIGHTING IN NORTHERN FRANCE

LIFTING OF CURTAIN IS NEAR

Germans Believed to Be Completing 'Round Trip'

By Associated Press.
LONDON, Oct. 2, 2:20 a. m.—A correspondent of the Central News at Calais, who has returned from the allies' left, says:

"Without disclosing military secrets, I can say that I have seen many things that remove any misgivings as to the outcome of the battle. The moment is near when the curtain will be lifted on the greatest drama ever seen in war."

"The position of the German right wing on Wednesday was such that a portion lying between Lassigny and Chaulnes was in extreme danger."

"Above Chaulnes the German lines which a few days ago faced westward are now facing northwest, and have been bent back on the line of Chaulnes, Cambrai and Valenciennes. On Sunday a German patrol was captured near Chaulnes. The fate of the German army was due to a shortage of horses. The men said that they had had nothing to eat for some days. They belonged to General von Kluck's command."

"It has been apparent throughout that General von Kluck's right wing made more precious by the crowding on him of re-enforcements from the center and left by the German general staff. His commissariat failed. This might have been avoided if the Germans had been prepared to sacrifice their carefully selected positions in the Noyon region, but they staked everything, holding that the peril of an envelopment was being more imminent daily."

MAKES PROGRESS ON LEFT.

By Associated Press.
LONDON, Oct. 2, 1:15 p. m.—Unless all signs are wrong the German armies in France, or at any rate most of them, are nearing the completion of their round trip.

The most recent address from Belgium report that the German attack on Antwerp continues against a stubborn resistance.

A Montenegro official report says that the attack on Sarajevo, capital of the Austrian province of Bosnia, has begun. Earlier advices from Nish, Serbia, said that the Serbian war office thought an attempt to take the city would be unadvisable.

KAISER REINFORCES RIGHT WING; FAILS TO BRIDGE RIVER MEUSE

By Associated Press.
LONDON, Oct. 2, 5:05 p. m.—In a dispatch from Amsterdam, the correspondent of the Central News says advices reaching there today from Brussels set forth that there is every reason to anticipate the early withdrawal of the Germans from the Belgian capital. Wounded men are being sent back to Germany, he says, and the German official documents are being packed up.

The correspondent says he has learned from a good source that the German general staff has left Luxembourg in eighty motor cars for Mainz.

TERRIFIC FIGHTING CONTINUES

By Associated Press.
PARIS, Oct. 2, 3:12 p. m.—An official statement issued by the war office this afternoon says that terrific fighting continues incessantly near Roye, where the Germans have been reinforced heavily. The statement says:

"On our left wing the battle continues with terrific fighting, notably in the region of Roye, where the Germans appear to have concentrated important reinforcements. The action extends more and more toward the north."

"The front of the battle line is now extended into the region south of Arras."

"On the Meuse the Germans attempted at night to throw a bridge across the river near St. Mihiel. The bridge was destroyed by our guns."

"In the Woivre district our offensive continues and progresses step by step, notably in the region between Ahremont and St. Mihiel."

"On the remainder of the front there have been attempted only partial operations here and there."

GERMANS HAMMER ENEMY

By Associated Press.
BERLIN, Oct. 2, by wireless to Sayville, New York.—According to announcement made in Berlin today, the great battle in France is still undecided. U. S. Hospital Ship Arrives With Succor

By Associated Press.
BORDEAUX, Oct. 2, 11:35 a. m.—The American hospital ship, Red Cross, arrived at Bordeaux this morning from Falmouth, England. She brought to the Red Cross units, which will serve with the French army. In England she disembarked the units for service among the English and Russian wounded. The medical supplies brought by the Red Cross will be most welcome in Bordeaux for in this city alone, according to the Journal des Debats, 4000 wounded men have been treated in thirty days. The supply of surgical instruments is almost exhausted and the local doctors have exhausted much ingenuity in devising substitutes. For example, all the children's hooves in the city have been requisitioned to make bed cases for fractured limbs.

GERMANS SUFFER UNDER MACHINE GUN FIRE OF BELGIANS

CORPSES IN HEAPS AT ANTWERP

By Associated Press.
LONDON, Oct. 2, 3:25 p. m.—"The Germans have suffered heavily everywhere under the well directed machine gun fire of the Belgians," according to a statement cabled from Antwerp by the correspondent of the Central News.

"At the Wavre and St. Catherine forts alone (outside of Antwerp) the German dead may be counted by thousands."

"At several points the corpses lie in heaps. Entire companies have been exterminated, while the other troops were driven back at the point of the bayonet."

REFUGEES FLEE TO ANTWERP

By Associated Press.
AMSTERDAM, via London, Oct. 2, 4:46 a. m.—A dispatch to the Telegraph from Antwerp says:

"The population of all the villages between the first and second rings of forts surrounding the city are fleeing into Antwerp, but there is no panic. The inhabitants feel certain that help will come."

"Fifteen thousand refugees have arrived from Ghent, 5000 from Bruges, 3000 from Courtrai and 2000 from Ostend."

"Behind and in the enemy's lines in the province of Brabant, Limburg and Hainault, Belgian volunteers have succeeded in blowing up the railway tracks at ten places besides destroying bridges and viaducts."

Military Execution First at Bordeaux

By Associated Press.
BORDEAUX, Oct. 2, 1:15 p. m.—Piero Nascia was put to death today "for military reasons." It was the first execution under military law at the temporary capital.

Nascia faced the end bravely. As he stepped from the automobile patrol wagon that brought him to the Arzac Parade ground, the condemned man was rolling a cigarette which he smoked while he listened to the reading of his sentence. Then he shook hands with the chaplain and stepped briskly to the execution post, folded his arms and looked straight at the firing squad. He refused to have his eyes bandaged.

At a sharp command a volley sounded. Nascia sank to his knees dead. Detachments from all the regiments of the Bordeaux garrison witnessed the execution and when it was over defiled past the body.

If any opposition is encountered the Japanese government states that it will be considered as an unfriendly act.

enced two of the Belgian forts. German troops captured thirty aeroplanes sent from France to Belgium.

"In the eastern arena the Russian offensive movements from the Niemen river against the Germans in the Province of Suwalki is declared to have failed. It is officially reported that the Russian fortress at Ossowetz, in Russian Poland, was bombarded by the Germans until September 29.

"The fighting in France, the siege of Antwerp and the offensive operations under General Von Hindenberg all going on at the same time, are taken in Berlin to indicate that the German army is not lacking in men."

Battle of Aisne Is Believed to Be Far From Decisive Point

By Associated Press. LONDON, Oct. 2, 10:30 a. m.—The German right in France has been bent back, the cautious tone of the official statements indicates that the battle of the Aisne is far from decided and the British public, showing the patience that has characterized its demeanor since the outbreak of hostilities finds a sentimental stimulus in the safe arrival of the fine Indian contingent on French soil and the bull-terrier resistance of the Antwerpians, who, headed by their king, seek to check the German besiegers.

Whether two forts have fallen near Antwerp, as the Germans insist, or whether the Belgians have so far repulsed the artillery onslaught, is a matter of conjecture here.

From the east through various sources comes news of the Russian onslaught on Cracow and its vicinity, where two and a half million Germans and Austrians are said to be concentrated. So many conflicting reports have been received concerning the Russian advance that the public is inclined to await further details.

The London papers, both editorially and in their news columns, embellished with pictures, make a feature of the landing of the Indian troops and congratulate the war office on the successful feat of moving many transports from India without a single loss. Editorially the press emphasizes the spirit of patriotism of the Indians, which answers once for all, they say, all foreign critics who maintain that in the Indian states the Indians would prove unfaithful.

Only guesses can be hazarded on the strength of the Indian forces and their disposition, but, of course, whatever has been done has taken place long before the battle of the Aisne.

Whether the allies or the Germans hold St. Mihiel, between Verdun and Toul, is still undisclosed by the official statements from either side, nor is the situation around the heights of Reims, on the French left bank of the Marne.

Last night the official Berlin communication said that the "heights of Reims" were taken on September 30. This was preceded by the French official communication saying that violent fighting there has resulted in favor of the French. The London papers today insist that the cryptic wording of the German statement is tantamount to an admission that Reims has been taken by the allies. However, this is a matter of inference only.

It is unquestionably in full swing that it is unquestionably one of the greatest struggles of this war and possibly the forerunner of even more colossal engagements which will rage in the future.

Nothing definite has been heard in the last 24 hours of the capture of the German Emperor, but Petrograd dispatches say he is undoubtedly present at the engagements in the East Prussian frontier, where the Russians insist, and German troops have met reverses and are being driven back.

The plight of the Belgians as an incident of the bombardment of Antwerp, Termonde and other points is becoming even more pitiable than it was after the first advance of the Germans through their country. Doubtless within a short time London will again be the haven of thousands of homeless, penniless and hysterical refugees.

No confirmation has been received of the report that the allied fleet has begun operations before Pola, the chief Austrian naval base.

Official Statements Give Little Idea of Desperate Fighting

By Associated Press. PARIS, Oct. 2, 5:25 a. m.—Laconic statements of the war department give but little idea of the furious battle being waged in the North of France, in pursuance of the effort the great body of Germans is making to force the allies' line. The left continues to be the storm center, and from there the word is that the English and French continue to gain.

Whatever the Germans seek and whatever are their hopes, it appears necessary that the internecine battle of the Aisne must soon have an end, says Lieutenant Colonel Rousset, the military critic of the Petit Parisien, commenting on the two last official communications.

"The two armies," Colonel Rousset says, "have fought for many days with fury on an enormous front, but while we have made progress daily on two wings to the River Somme and in the south of Woerw the army of the enemy

KAISER HURRIES BACK AND FORTH BETWEEN FRONTS

By Associated Press. ROME, Oct. 1, 8:15 p. m., via Paris, Oct. 2, 8:10 a. m.—Emperor William, says a telegram from Berlin, is going from one front to another.

He travels in a special train of ten Pullman cars, which formerly were painted white and blue, but which now have been repainted like ordinary cars in order to protect the train from bombs of French aviators.

When the Emperor goes to places out of the reach of the railway he travels by automobile. Besides his aides, and bodyguard he is also watched by special secret field police.

King Albert at Front Is Shelled in Balloon

Report Many German Troops Have Typhoid

HEIGHTS TAKEN

By Associated Press. LONDON, Oct. 2.—A Berlin dispatch by the Reuter Telegram Company by way of Amsterdam. Official headquarters this evening announce that the heights of Roze and Fresnoy-Le-Grand, northwest of Noyon, were taken September 30. South of St. Mihiel, the announcement continues, French attacks from Toul were repulsed Thursday with severe losses to the French. The attack on Antwerp continues successfully. The situation in the eastern war theater remains unchanged.

It is exhausting itself in vain efforts to check our advance, after having uselessly tried to break through somewhere.

"This situation, even though it can still last some time, must inevitably end by the definite retreat of our adversary. The Belgians in any line, the experience of battles teaches one, can not indefinitely preserve the defensive."

CONTRAST IN FEELING AT ROTTERDAM AND PARIS

Parisians Reported to Be Regaining Some of Their Buoyancy.

By Associated Press. LONDON, Oct. 2.—Despite the fact that thousands of Frenchmen are laying down their lives and thousands of wounded are arriving daily from the front, Parisians, says the Paris correspondent of the Daily Telegraph, are regaining some of their customary buoyancy of spirit.

"Victory is in the air," the correspondent says. "All indications point to the fact that the German commanders and the German troops are realizing for the first time that they are in a desperate position. Their attitude as they were at no decisive point with overwhelming numbers, but haphazard all along the line, show that they have been driven desperate and that their plan of campaign has been completely frustrated."

German Newspapers Tell the Nation to Be Prepared for Discouragement.

By Associated Press. LONDON, Oct. 2.—A Rotterdam dispatch to the Daily Telegraph says: "The Germans in Rotterdam are agitated at the tone of the German newspapers which arrived today (Thursday). Only one meaning can be attached to what they contain: they are preparing the German people for defeat and the ruin of their hopes."

"Official messages say that judgment has been suspended if news should arrive that the German troops have been compelled to abandon certain positions."

"The British troops are mentioned as pushing on by the sheer weight of their masses, and the French are admitted to have taught a severe lesson. A week ago such statements would have meant the suppression of the newspaper printing them."

TWO CITIES ARE UNDER FIERCE BOMBARDMENT

Buildings Are Still Being Wrecked in Rheims Shelling

By Associated Press. LONDON, Oct. 2, 7:30 a. m.—The Rheims correspondent of the Exchange Telegraph Company under date of Wednesday sends this story of the continued bombardment of Rheims:

"The bombardment of Rheims still continues. The city now has been under fire of the German guns sixteen days, and in every part of the city the whistle of shells is heard, as well as the loud reports of their explosion, wrecking buildings in every quarter."

"The fire is no longer directed on the cathedral, although during Monday night four shells dropped through the shattered roof and exploded in the interior."

"Shortly after midnight this morning a fierce artillery duel was heard on the front just outside the city. It was resumed with even greater intensity at 4 o'clock. During the bombardment the American Consul, William Bardel, had a narrow escape, as a shell wrecked half his residence, over which the Stars and Stripes were flying."

(A dispatch from Paris a few days ago said that the American Consul, William Bardel, his wife, his daughter and his son, were the only Americans left in Rheims. Major Spencer Colby, the military attaché of Paris, visited Bardel recently to supply him with funds. Colby reported that while nearly every house in the quarter in which Bardel lived had been destroyed, Bardel's house, oddly enough, had been left intact. Colby said that Bardel and his family spent most of their time during the bombardment of the past fortnight in a wine cellar 100 feet under ground.)

"When the Germans first bombarded the city on September 4 the American, Spanish and other consuls appeared in vain to the German commander to spare the city."

SECOND ARMY ENTERS

"When the first German army was at Beaumont, east of Rheims, the second army suddenly entered the town from the direction of Epernay. The German commander was talking to the Mayor and other local officials on the steps of the town hall, arranging terms for the occupation. Subsequently it was discovered that the shells were of German manufacture and he dispatched an automobile to the first army requesting that they cease firing. Several Germans were killed before the firing ceased."

"On the way from Paris to Rheims one passes the College of Athletes, where France expected to train her competitors for the Olympic games. The gymnasium buildings are a mass of ruins, as is also the magnificent marble open-air swimming pool, in which several shells had fallen."

"Passing the scene of the recent battle of the Marne, the traveler may see hundreds of old men and women hastening in the winter coats, a few days ago there were numerous bodies."

Island Cable Station Destroyed by Cruiser

By Associated Press. HONOLULU, T. H., Oct. 2.—The British steamer Kesrel which arrived here today from Fanning Islands, reports that the cable station there was destroyed by the German cruiser Nurnberg.

The cutting of communication between Vancou and the mainland was reported last month and it was supposed then that the Nurnberg which had left here not long before, was responsible, although it was not known until today that the cable station had been ruined. The Fanning Islands are British territory.

Many Motor Vehicles Ordered by French

By Associated Press. SOUTH BETHLEHEM, Pa., Oct. 2.—Not only are motor trucks included in the large order of motor vehicles the government of France has requested the Bethlehem Steel Company to procure for use in the European war, but touring cars as well. The company and the military engineering concerns to send touring cars to South Bethlehem for tests. The number of such cars is not designated. The recommendations for the types of 1600 motor trucks of American manufacture has been made to the French government and a reply is expected in a day or two.

In addition to motor trucks, the French government directed the steel company to contract for 350 motor tractors and 100 trailers to cost from \$2000 to \$4500 each.

Must Pay Alimony to His Third Wife

John Beck, a wealthy Livermore rancher, appeared in Superior Judge Brown's court to answer a charge that he had failed to pay the alimony awarded her by the court pending the outcome of their divorce suit. He was ordered to pay her the sum of \$10 a month until further notice and \$35 for counsel fees.

This is the third trip that Beck has made on the matrimonial sea. The first venture was a decided failure, the second to the head of a matrimonial bureau had to be annulled because it was found on investigation that the bride was already married. Shortly after this he took unto himself wife No. 3, and disliking her manner of settling arguments he again fled suit.

The present Mrs. Beck alleges that he deeded all his money and property to his children to avoid the payment of alimony, but this difficulty was overcome by Judge Brown in his ruling this morning.

Heavy Artillery Due Marks Fighting at Besieged City of Antwerp

By Associated Press. LONDON, Oct. 2.—An official statement issued at Antwerp and sent by the correspondent of the Exchange Telegraph Company says:

"There has been a fierce artillery duel all day (Thursday). Some of the German batteries which continued to shell the forts were demolished. The enemy moved in the direction of Waere, St. Catharines, but were stopped by darkness."

Describing the attack of the Germans on Antwerp the correspondent of the Daily Telegraph, writing from Antwerp under date of Thursday noon, says:

"From the top of a gas tank at Soboken (three miles southwest of Antwerp) last night was witnessed a scene of squalid grandeur. The line of attack on the city was defined by flashes of the enemy's great siege guns. Similarly the line of defense shown in points of light which stabbed the night from the Belgian forts. It was almost possible occasionally to the effect of the falling shells."

"The artillery duel continued throughout the night. The German fire seemed to be directed chiefly toward emptying the outlying villages and every well fortified Antwerp was choked with refugees."

CENSORSHIP STRICT

"There is no doubt that many alarming reports of the German operations will creep across this frontier to Holland. We cannot give reliable information from here on account of the prohibition against news which might be useful to the enemy, but it can be said, with official sanction, that the position, while calling for the utmost vigilance and effort, is not alarming."

"The Belgians have suffered in some quarters, while in others they have inflicted loss. The general balance favors confidence."

"All scouting officers agree, however, that the German attack is merely a demonstration which is not intended to be pushed home. Belgian aviators have not uncovered any great masses of German infantry."

trip. This, it is held here, is the only newspaper to be turned at the Berlin reports, both official or unofficial or those on or near the scene of action.

It is evident that the progress of the allies on their left is considerable, while the bold thrust which the Germans might have planned in the line of French fortresses on the Meuse river side has been stopped. The fierce battle around the heights of Reims, to the northwest of Noyon, seems to have ended in favor of the French. The heights were captured by General Von Luck's army on Wednesday, but on Friday, according to a French report, the allies regained control of the position.

Antwerp, temporarily the Belgian capital, ought to be capable of maintaining a defensive. King Albert is a romantic figure of the war in this country. He constantly goes into the danger zone and his determination, fearlessness and activity recall those of Statholder William in the historic siege of Liden.

That the battle of Gracow, which opened with a long and arduous struggle, is now over, is a question.

HINDENBURG IN COMMAND

General von Hindenberg, the German commander who scored notable successes in Eastern Prussia against the invading Russians, has taken supreme command of the combined German and Austrian forces. These undoubtedly are a formidable army, though the allied total of two and a half millions of men is discounted.

Reports of the German headquarters staff dismiss the situation both in the East and the Belgian theaters with the curt "no change."

From Petrograd, however, it is officially asserted that the "Russian troops continue to drive the enemy from the borders of the Suwalki and Lenta governments and there has been continually determined fighting west of Simno. The German troops which attacked Ossowetz are retreating precipitately to the north."

FORCES CONCENTRATE

Petrograd also announces that considerable forces of the enemy are concentrated in the western districts of the Provinces of Petrovsk and Kielce, Russian Poland.

The Montenegrin army, according to an official communication, stands across the road approaching Sarajevo, whose supplies thus have been cut off.

The Montenegrins have commenced their attack of Sarajevo, the fall of which is said in the report, seems imminent. The capture of Sarajevo, the Serbian have cut off the retreat of the Austrian army.

Reports 700,000 in Brussels Starving

By Associated Press. LONDON, Oct. 2, 1:55 p. m.—Seven hundred thousand persons in Brussels are facing starvation, according to Hugh Gibson, secretary of the American embassy there, who is in this city. The last appearance of four of the officers of Brussels will be given out this afternoon and other staples are virtually all consumed.

Efforts to get food from Antwerp have failed. Inasmuch as Brussels is in charge of the Germans, it is in effect German territory. Neutral nations could not undertake to supply food to Brussels, even if transportation facilities were normal.

SERVIAN REPORTS SANGUINE

By Associated Press. PARIS, Oct. 2, 10 a. m.—"After twenty days of the offensive," says a Nish, Serbia, dispatch to the Havas Agency. "The Austrian forces have stopped twelve miles from the Drina on the Bosnian frontier."

"While the forces are awaiting reinforcements before they will be able to resume the offensive, their troops at the north have been trying desperately to advance over the plains between the Drina and the Save to get at the right flank of the Serbians. All their efforts there were defeated in bloody battles."

"Meanwhile the Servians and Montenegrins advance slowly but surely in Bosnia. Breaking the stubborn resistance, they occupied, on September 29, Romanija and several other towns in the vicinity and are now advancing toward Sarajevo."

FIFTEEN GENERALS CAPTURED

By Associated Press. BERLIN, by wireless to Sarville, N. Y., Oct. 2.—A statement given out in Berlin says that about 2000 Russian officers, including eighteen generals, are held as prisoners of war in detention camps in Germany.

HINDENBURG TO COMMAND

By Associated Press. LONDON, Oct. 2, 11:30 a. m.—The Exchange Telegraph Company has given out a dispatch from its Vienna correspondent sent by way of Rome saying that General von Hindenberg, the German commander who has been active against the Russians on the East Prussian border, has been appointed to command the defense of Gracow.

GERMANS NEED ROADS

By Associated Press. WASHINGTON, Oct. 2.—The Russian general staff's report of operations against the Germans was received today by Colonel Greferski, military attaché at the embassy here.

"In the western district of the province of Potokow and Kielce the German forces are composed chiefly of army corps brought from France."

"The operations of the Germans in Russian territory have demonstrated their tendency to keep almost exclusively to improved highways," says the dispatch. "The German artillery and supply column seem helpless in the mud of ordinary country roads. German batteries got hopelessly stuck on the very first day of their advance into the province of Kalisz."

EMPEROR VISITS WOUNDED

By Associated Press. ROME, Oct. 2, via Paris, 5:50 a. m.—A story has reached Rome from Vienna describing a visit paid by Emperor Francis Joseph to a local hospital in the course of which his majesty spoke to everybody in the institution. The Emperor's doctors are now urging him to spare himself and not to visit the hospitals filled with wounded, as they fear the effect of emotion on a man of such advanced years.

EMPEROR VISITS WOUNDED

By Associated Press. ROME, Oct. 2, via Paris, 5:50 a. m.—A story has reached Rome from Vienna describing a visit paid by Emperor Francis Joseph to a local hospital in the course of which his majesty spoke to everybody in the institution. The Emperor's doctors are now urging him to spare himself and not to visit the hospitals filled with wounded, as they fear the effect of emotion on a man of such advanced years.

It is declared that the Emperor was greatly fatigued after an inspection of the Red Cross hospital in a girl's school in Hegelgasse. He insisted on seeing each wounded man and addressing him in his mother tongue—German, Hungarian, Polish, Slav, Bohemian or Italian, as the case might be.

ENGLAND TO LAY NORTH SEA MINES

Officially Announced That the Government Will Make a Counter-stroke.

(Continued from Page 1)

By Associated Press. LONDON, Oct. 2, 4:40 p. m.—The Official Information Bureau announced today that the government had decided to lay mines in certain areas as a counter-stroke to the German procedure.

The Official Information Bureau has issued the following on behalf of the Admiralty:

"The German policy of mine-laying, combined with their submarine activity, makes it necessary on military grounds for the Admiralty to adopt counter measures."

"His Majesty's Government has therefore authorized a mine-laying policy in certain areas."

MINE-LAYING POLICY IN CERTAIN AREAS

In order to reduce the risk to non-combatants, the Admiralty announces that it is a danger-zone hereafter for ships to cross the area between latitude 51.15 north and 51.40 north and longitude 1.35 east. In this connection, it must be remembered that the southern limits of the German mine field is latitude 52 north. Although these limits are assigned to the danger area, it must not be supposed that navigation is safe in any part of the southern waters of the North Sea.

Instructions have been issued to His Majesty's ships to warn east-going vessels of the presence of these mine fields.

AGED SOLDIER LEARNS OF HIS NEPHEW SLAIN

By Associated Press. LONDON, Oct. 2.—A Havas dispatch from Nancy says that Captain Brugere, 160th infantry, killed in a recent engagement, was a nephew of General Brugere, former commander-in-chief of the French army, who, despite his great age, has himself taken service in the present war. General Brugere has three sons and two sons-in-law with the colors.

ment today, denying any wrongdoing beyond giving liquor to a 14-year-old girl. They declared they were not acquainted with Roach, the actor, and Berger, the jeweler, who also are under arrest because of charges made by the girls.
"The girl who accuses us came to our hotel voluntarily, and not on our invitation. We gave her beer after she had assured us that she was of age. We know of no vice trade and white slavers' ring, and we are not even accused of anything beyond giving liquor to a minor. This we did unknowingly."
MAKES CONFESSION.
Roach made a complete confession and said that he first met the girl with whom his name is linked at the theater where he was employed. She sat in a box and flirted with him, he said, and he sang to her and later they met.
Berger, who is under arrest for complicity, has made no admissions and denies that he knows the girls involved. Detective Swennes stated that the evidence against Berger will show that he met at least one of the girls as she came from school and offered her jewelry and expensive clothing.
"Did he give you any of the diamonds he promised?" Swennes asked the girl.
"No," she replied. "He gave me this" (exhibiting an expensive ring), "but he promised that he would."
Swennes has worked day and night on the case since the opening wedge was accidentally picked up two weeks ago when Berger caused the arrest of Harry Depp, a clerk in his store.
According to Swennes two young married women are under suspicion of aiding Roach and Berger in locating the girls, all of whom are students in the public schools. The names of the girls involved will not be made public by the authorities. Swennes stated that Roach and Berger met the girls and then introduced them to others. Two downtown hotels are alleged by Swennes to be the headquarters for the clique and as the result of the investigation the proprietors may be brought into court on charges of conducting disorderly houses.
Four girls are held as witnesses and each told stories of drunken orgies in the hotels preceding their downfall. Affidavits have been signed by them giving a full account of the operations of the clique as far as each knows.

for the Monterey, when she sails Sunday.
Since September 21, when the American scout cruiser Salem prevented removal of 15 passengers from the Ward line steamer Tampamoc, at Progreso, the boats of that company have been counting their call at the port.
Most of the Mexicans who fled to the American lines for protection against the Constitutionalists have left Tampamoc, although there are yet many hundreds here without money enough to enable them to leave.
The battleship Texas joined the American warships here yesterday.

CARRANZA REVIEWS PAST.
MEXICO CITY, Oct. 2.—The general conference called for by the plan of Guadalupe adjourned last night without taking a final vote on the question whether the conference should be postponed to October 5, so that all factions could get together at Aguas Calientes.
The conference met again late today, when a committee, consisting of Generals Obregon, Pasqueira and Sanchez, to which the question was referred, will make its report. It is semi-officially stated today that a meeting of all elements at Aguas Calientes is practically assured.
At the meeting last night General Carranza read a message in which he reviewed his acts as supreme chief of the Constitutionalists, and reiterated his willingness to abide absolutely by the decision of the general conference regarding the provisional presidency, the calling of general elections and the scope of the reform laws.

CONFIRMS BATTLE REPORTS.
SAN ANTONIO, Texas, Oct. 2.—Julian Flores Negrete, who arrived here last night from Durango by way of Eagle Pass, confirmed reports of the recent battle at Durango City between the forces of the Governor, Domingo Arrieta, and those of Villa, commanded by Tomas Urbina. According to Negrete, the day before General Villa issued his manifesto, the forces of General Urbina and Calles left Torreon on military trains to attack Durango, where the Arrietas, who commanded 10,000 loyal Carranza troops, were entrenched.
Negrete said when he left Durango early Tuesday the tide of battle seemed to favor Urbina.

ATTEMPT TO RECOVER LOOT.
WASHINGTON, Oct. 2.—Seizure of 500,000 pesos by Mexican soldiers from the Rea Delmonte mine, an American property, was reported today through foreign consular representatives in Mexico. The money is believed to have been taken by the same band which seized 1,500,000 pesos from a British corporation. The British Embassy here has made representations to the State Department. Efforts are being made through American Consular agents to recover the loot.

The council of generals representing all elements in Mexico will convene at Aguas Calientes October 10, according to official advices received here today, with a purpose of settling all difficulties. It will bring together for the first time a full representation of General Villa's adherents with those from Carranza and Zapata.
State Department officials were unable to estimate the effects on the political conference in Mexico City of the approaching meeting of the military chiefs.
Official reports told of the opening of the convention in Mexico City, but gave no information of the outcome. American forces at Vera Cruz will not be withdrawn before October 11, it was announced today at the war department. Brigadier General Funston was given instructions to that effect to allow fears of Mexican civilians employed by the American administration who desire, for their own protection, to leave before the evacuation.

RED CROSS ASKS FOR MORE FUNDS
By Associated Press.
WASHINGTON, Oct. 2.—In appealing today for contributions to defray the cost of rendering aid to the wounded of the armies of Europe now at war, the American Red Cross issued a statement showing that in its work along this line it already has spent or obligated itself for \$283,043. This includes the cost of transporting and keeping in the field 112 surgeons and nurses and the cost of sending hospital and surgical supplies for equal distribution among the belligerents.
Contributions up to September 26 totaled \$22,000, and it is stated that more liberal donations must be forthcoming. The American Red Cross is to be of greater service in the war than it already has been.

CHICAGO PLANS COLLECTION.
By Associated Press.
CHICAGO, Oct. 2.—Forty of Chicago's wealthiest business men at a meeting here today, formulated plans for the collection here of \$100,000 for Red Cross work in the European war zone.
Coincident with the start of collection of funds, a local office of the American Red Cross, the central office for all Middle Western States, was opened under the direction of Ernest P. Bicknell, national director of the American Red Cross. Funds totaling \$100,000 already have been collected in the United States. Mr. Bicknell asserted, New York City, he said, contributed \$175,000, and he hoped \$100,000 could be raised in Chicago within a month.
"We are seeking to raise a million dollars from the United States at once," he said. "We could use five millions if we had it."

WOMEN JURORS SERVE IN CORONER'S INQUEST
Another women's jury served in place of men yesterday when Coroner C. L. Tisdale held an inquest at the Fruitvale morgue into the death of William F. Banks. Mrs. Marsha Morvick (forewoman), Mrs. Kate Kauler, Mrs. G. H. Barbour and Miss Helen Barbour were included in the jury and they asked the coroner all kinds of scientific and medical questions that only a physician could authoritatively answer.
"The women's judgment was splendid," said Dr. Tisdale afterward, "but they plainly demanded that the coroner enlighten them on all the medical conditions prevailing. Of course they had a perfect right to this information from the coroner in preparation for their verdict. I was pleased to hear them say they would be glad to serve again. I am glad to say that all the women juries have been very exacting of me for their authorities in reaching decisions and practical in their conclusions."

KEY ROUTE MUST GIVE UP TWELFTH

Mayor Mott Informs Alberger the Permit to Run Trains Was Temporary.

That the Key System train service in Twelfth street, from Broadway to Poplar Junction must be discontinued tomorrow and the old service of special cars running to the transfer point at the Junction resumed, is the substance of a letter addressed today by Mayor Frank M. Mott to Vice-President and General Manager W. H. Alberger of the San Francisco-Oakland Terminal Railway. Alberger filed a letter with the city council asking that the temporary permit be extended and made permanent, and this was referred to Mayor Mott. The mayor has replied that the temporary permit was granted while reconstruction work was under way, and for that purpose alone, and that the request for its continuance is in reality a new proposition, and must be given due consideration on its own merits. Meanwhile the train service must be taken off. Mott's letter follows:

TWO PROPOSITIONS.
 Mr. W. H. Alberger, Vice-President and General Manager San Francisco-Oakland Terminal Railway Company, Oakland, Cal.: Dear Sir—This is to advise you that the temporary permit granted to your company by the city council to operate Key system cars on Twelfth street during the reconstruction of your tracks there will terminate October 3, 1914. I therefore wish to inform you that your company must be prepared to withdraw that temporary service on that date and return to the former method of handling your travel in that street.

"The permission was granted solely for the purpose of enabling your company to complete its track work in Twelfth street and it was thoroughly understood that at the expiration of the time there could be no further extension of the temporary privilege, nor could it be connected with the operation of the Key system cars on Twelfth street except under the conditions which prevailed during the reconstruction work."

"Your letter of September 29 to the city council, which is virtually an application for a continuance of the temporary arrangement, has been referred to me. I have not yet had time to consider that matter, but I beg to advise you that it will be taken up at once as an entirely new proposition, in no wise connected with the temporary permit under which you are allowed to operate up to October 3."

"I shall give the question most careful and thorough consideration and report back upon it to the city council. Yours very truly, F. M. Mott, Mayor of the City of Oakland."

The session will close this evening in the King's Daughters' Home, 3900 Broadway. Reports were read and officers were elected this afternoon.

Rev. E. R. Dille, pastor of Trinity Methodist Episcopal church of Berkeley, was the speaker at this afternoon's meeting and Rev. Francis J. Van Horn, pastor of the First Congregational church of this city, will address the convention this evening. Before the opening of the evening meeting a supper will be served and officers will be installed. The session is public.

DANGERS OF MILK TOLD AT EXHIBIT

Baby Saving Show Thronged With Mothers Who Hear Able Lecturer.

Visitors who attended the lectures at the Baby Saving show this afternoon at the city hall were told by Dr. T. C. McCleave of Berkeley of the dangers of disease from milk, especially to infants, and it was explained that the proper care was taken in the household, all danger of milk-borne epidemics could be done away with.

The Baby Saving Show was well attended today, thousands of men and women of all walks of life visiting the show and inspecting the many exhibits. There are several lectures to be delivered during the two weeks of the exhibit, but probably the most interesting to the general public will be that to be delivered tomorrow at the subject of "Eugenics," which has become the subject of popular superstitions and fantastic fears. The speaker will be Professor W. H. Holmes of the University of California who will give a lecture on the subject of the "Eugenics." Professor Holmes will be introduced by Dr. H. K. McKim.

The reception committee for this afternoon's session was composed of members of the Oakland Social and East Oakland Settlements. The speaker of the afternoon, Dr. T. C. McCleave, was introduced by Dr. H. K. McKim. The subject of the lecture was "Milk," and Dr. McCleave said in part:

"Ordinary milk is a very unsafe food in its raw state. Certified milk, produced from tuberculin-tested cattle in sanitary dairies is as safe as human supervision can make it. Pasteurized milk, as pasteurization is a process conducted on a commercial scale, is frequently unreliable. All milk should be heated in the home of the consumer, intended for use by young children. Milk which is heated in the family kitchen to just below the boiling point will never give tuberculosis or other disease to the children of the household. Heating does not, contrary to common opinion, in any way adversely affect the quality of the milk, and if universally practiced, milk-borne epidemics would become obsolete."

Tomorrow afternoon Professor W. H. Holmes, "Eugenics," will be the subject of the lecture. Dr. H. K. McKim will speak on "Eugenics." Dr. Gullman said in part:

"For several years the need has been felt for some place in this city for the establishment of a baby hospital somewhere on this side of the bay, where sick babies could be taken care of. This apparatus is impossible to realize at the dedication of the baby hospital on September 16 last.

"This baby-saving show which you see before you, is intended to draw the laws or health requirements before you in as simple language as possible. It is intended to impress upon you the importance of these laws to children, not to frighten; to show you also that they may be obeyed without great expense of money. It is really knowing what to do and when to do it."

"In California we request that births be registered, but the machinery for enforcing this law is unsatisfactory and inadequate. To show you to what extent the law is carried out in Oakland, last year we recorded 83 deaths under 1 year of age, 129 of these were recorded as having been born in Oakland, but no record of their birth is on file in this office. I feel that fully 25 or 28 per cent of the births in Oakland have never been recorded. Apart from its value to health authorities in determining death rates, illness rates and birth rates, which are not interested in, birth registration is of the greatest importance to the person registered."

LAUD PROTECTIVE BUREAU RESULTS
 An ordinance reorganizing the Women's Protective Bureau, extending and defining the duties of Secretary Beatrice McCall and creating a new position of secretary assistant secretary, was filed by a man, was introduced at the meeting of the city council today by Mayor Frank M. Mott and given its first reading. The bureau has now been in existence for about a year, and according to the mayor, it has justified its existence and has passed the stage of being merely an experiment.

The new ordinance will give Miss McCall ample powers of investigation of conditions endangering the health and safety of women and girls, and will also give her the aid of a man assistant in handling some of the more disagreeable phases of the work.

The bureau has been composed of Miss McCall and Miss Alice Richardson, who has been assistant secretary. The new position will be that of second assistant. Mayor Mott strongly defended the work of the bureau, when this was attacked by Commissioner of Streets W. J. Bacon, who suggested that the salary of Miss McCall, \$115 a month, was too high.

"This Women's Protective Bureau has done superb work for the city," said Mayor Mott. "It was somewhat in doubt at first, but it has proved itself worthy of our highest praise. Chief of Police Petersen was also doubtful, but he has come to the conclusion that it should be a vital mistake to discontinue this work."

"As for Miss McCall, she is the one woman in 10,000 for this work. She is a woman of great personality and strength, and the compensation is none too high."

The new ordinance provides that "the secretary shall have authority to go into lodgings, houses, parks, theaters, picture houses, dance halls and other places of amusement where women and girls are permitted and to investigate matters affecting the moral conduct of women and girls in cases referred to the bureau by the mayor."

SCOTTISH SOCIETY MAY ABANDON ITS DINNER

Following the lead of the Scottish Society of New York which has this year abandoned its plans for the usual annual dinner of the organization to turn over the cost of the celebration to the war relief fund, the Oakland society may pursue the same course this year. This was intimated when plans for the dinner, which was to have been held at the Hotel Oakland, were tentatively delayed, pending consideration of the plan by the organization. Dr. A. K. Crawford is head of the committee which was to have had charge of the affair. What action will be taken must be decided by the membership, according to officers of the society.

Wilson Will Confer on Strike Situation

WASHINGTON, Oct. 2.—Following the return of Secretary Wilson of the Department of Labor here today, President Wilson was to confer with him on the Colorado strike situation, which is causing the President much concern. The President still is seeking to have the mine operators accept the basis of agreement already adopted by the miners. The operators have adopted the attitude that most of their mines are now running at almost full time, but the President is determined to bring an end to the situation which necessitates the presence of Federal troops in the mine district.

War Revenue Bill Under Consideration

WASHINGTON, Oct. 2.—The Senate finance committee today took up for consideration the war revenue bill as prepared by its sub-committee, the details of which had been left to it to work out. Many suggestions for proposed changes in the bill had been under discussion by the sub-committee.

As laid before the full committee, the bill does not provide a tax on gasoline, the sub-committee voting to eliminate it. Instead it was decided to substitute a tax of 2 cents per horsepower on automobiles, and a selling tax on manufacturers of \$1 per horsepower. It is figured that this tax will bring in an annual revenue of \$15,000,000.

Open Saturday Evening

WOMEN PASSENGERS ARE OVERCOME IN TUNNEL

LOS ANGELES, Oct. 2.—Southern Pacific train 53, due in Los Angeles from San Francisco at 6:45, was late yesterday evening. Train 108, from Eureka, scheduled to reach Los Angeles at 7:35 p. m., came up behind it.

This apparently insignificant incident in railroad travel came near to costing the lives of two women. The first train, following closely after others had left the Newhall tunnel well filled with gas, and when train 108 came through, adding to the

volume of the gas, the fumes found their way into the cars through the ventilators and closed windows until the passengers were seriously inconvenienced.

Mrs. Lydia F. King of Riverside and Mrs. Emma J. Diamond of Elizabethtown, were overcome by the poisonous fumes that they fell lifeless, apparently, to the floor of their car.

Every effort was made by passengers and railroad men to revive them, all windows and doors being opened wide as soon as the train had cleared the tunnel, but it was found necessary to telegraph ahead for an ambulance to meet the train at the

arcade depot, drawing such a crowd that police assistance was necessary before the patients could be carried through to the ambulance and rushed to the Crocker street hospital.

It required about three hours of hard work for the doctors at the hospital before either of the patients could be revived sufficiently to speak even in a whisper.

Late last night both patients at the hospital were reported to be completely out of danger.

SIGNBOARD NOW REARS WHERE GARDEN BLOOMED

The lot across the street from the Hotel Oakland, where once bloomed the tree that Lily Langtry planted with her own fair hands, and where the Progress and Prosperity Committee labored a whole day to build a park so that the Hotel Oakland might look upon weeds and tin cans, now bears only signboards. The tree has been removed and is temporarily nurtured in the Hotel Oakland garden, together with the carnation, the pansy and the mystery weed. The signboard is keeping company with the weeds and cans on the neglected park of the Oakland hostess.

The signboard went up this morning. Walter Arnstein, president of the Oakland-Antique, bought the land last week as an investment. Today he decided that in the meantime it might as well be used for advertising purposes. The front windows of the hotel, therefore, look out on the big billboards describing the joys of a trip over the road.

And Mrs. Langtry's tree is watered daily by the hotel gardener.

BOY DIES; FOUR ARRESTED.

SALT LAKE CITY, Oct. 2.—Four Salt Lake youths are under arrest for burglary as a result of the accidental death of Joseph Dorsey, 15 years old, who shot and killed himself yesterday afternoon when examining a revolver brought to his home by Samuel Schurke, 16 years old. The revolver was taken to police headquarters and was recognized as part of goods stolen from a sporting goods house last Friday night. Young Schurke, who is not believed to have been implicated in the burglary, told the officers where he obtained the weapon, and Frank Plute, 18; Roy Christensen, 17; E. H. Ryver, 16; and James Barclay, 15, were arrested.

The New Baby is World's Wonder

Every tiny infant makes life's perspective wider and brighter. And whatever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. The front window of the hotel, therefore, look out on the big billboards describing the joys of a trip over the road.

In a little book are described more fully the many reasons why "Mother's Friend" has been a friend indeed to women for more than two generations. This book was prepared not only to aid the inexperienced but to enable so many women to have at hand the timely hints, suggestions and helps in connection with the birth of a new life. It is a well thought of by women that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons. PLATFORM BREAKS, INJURING TWENTY

Order of Eastern Star Delegates Precipitated While Grouped for Photo.

KANSAS CITY, Mo., Oct. 2.—Twenty persons, most of them women, delegates to the fortieth annual session of the Missouri Grand Chapter, Order of Eastern Star, were injured here when a temporary platform, erected on the lawn of the Shrine's Temple, collapsed and precipitated its four hundred occupants to the ground. About as many more were bruised, but none was fatally injured, it was stated today.

The platform had been erected for the purpose of grouping the delegates for a photograph. It sloped from the ground in front to a height of about ten feet in the rear. Upon the request of the photographer the persons on the stand rose to their feet. As they rose the underpinning in the center of the structure gave way. Those not standing on the section which collapsed were pushed or drawn into the vortex. Those who fell last were unable to scramble over entangled bodies to the broken end of the platform, so deep was the pit massed with struggling bodies.

Fallen timbers were jammed against the bodies and limbs of those caught in the trap and as a result most of the injured suffered broken limbs or painful cuts.

INDICT SECRETARY OF STATE ON FRAUD CHARGE

FRANKFORD, Ky., Oct. 2.—Secretary of State C. F. Grevelius was indicted yesterday on charges of obtaining money under false pretenses. The three counts in the indictment alleged violation of a statute prohibiting the farming out or selling of public offices. The attorney general was called on to bring proceedings to vacate the secretary's office.

Prior to bringing in the Grevelius indictment, the grand jury exonerated Thomas S. Byars, commissioner of motor vehicles, from a charge of embezzling funds of the department, made by Secretary Grevelius, but declared it could not find out who did steal the funds said to be missing. The grand jury in its report also scolded the alleged negligent manner in which the affairs of the Secretary of State's office were conducted.

STOCK BROKERS INDICTED.

NEW YORK, Oct. 2.—Grand jury yesterday indicted Joseph Stoppant and Walter E. Hotchkiss, members of the stock brokerage firm of Stoppant and Hotchkiss, recently suspended from the Consolidated Stock Exchange. The indictment accuses them of grand larceny. John F. Smith, a retired merchant of Brooklyn, alleging the firm did not return \$2000 which he gave the manager of its Brooklyn office for investment. The defendants were arraigned in the Kings county court, pleaded not guilty and were held in \$2500 each.

WIFE TURNS TABLE ON HUSBAND

Broken ties of friendship between William B. Gillingham, a wealthy mining expert of Berkeley, and Attorney William H. Schooler of San Francisco, which resulted a year ago last August in the former suing the latter for \$100,000 alleged alienation of his wife's affections, following a sensational divorce suit against Mrs. Camilla B. Gillingham, today saw the tables turned. Mrs. Gillingham filed in the Superior Court a divorce complaint against her husband. The suit, brought by Gillingham on July 22, 1913, was dismissed on January 10 last and the couple resided at 2014 Channing way, Berkeley, with their two children, Patricia L., 6 years of age, and Osmond Schooler Gillingham, 4 years of age. The sensational alienation suit between Gillingham and Schooler was dismissed shortly prior to the divorce, on January 12, 1913.

FRIENDS MANY YEARS.
The two men had been close friends for many years, the suit developed, to the extent that Gillingham had named his son after Schooler. His divorce complaint against his wife alleged that after their marriage, which occurred in San Francisco in February, 1909, Mrs. Gillingham had frequently been in the company of Schooler and with him had visited notorious San Francisco cafes. It was on June 25, shortly before the divorce, that Gillingham alleged his wife had gone to the Poodle Dog restaurant with Osmond Schooler.

This was not the only incident of alleged questionable conduct, the husband alleged against his wife. He declared that in July, 1913, shortly after their marriage, Mrs. Gillingham had come to Adams Springs in company with one Bert Harton and that after that she accompanied him to Los Angeles.

However, they patched up their differences.

HARBOR WORK OUTLINED BY KEITH

Oakland Organizations Hear
Manager's First Public Ac-
count of Progress Made.

News of the progress of the harbor work in Oakland, of the proposed improvements of the waterfront and details of the progress and plans of the city administration and the harbor committee, were given by the Harbor Committee of the Port of Oakland Association, at a public hearing held at the club last night.

Keith gave the first public account of the work since taking office. He said that the harbor committee had been in the city administration and the harbor committee, were given by the Harbor Committee of the Port of Oakland Association, at a public hearing held at the club last night.

"There is sufficient tonnage in Oakland to warrant the harbor committee, already one firm has realized this. I will not mention its name—but here is the letter:

"In view of the evidence submitted to us in reference to the possible tonnage which may be developed in Oakland and in view of your statement that your city intends to complete a dock and shed suitable for our requirements on the estuary at once, we have decided to make you the following proposition:

"We will agree to build a harbor, a sailing harbor, and a freight harbor, in Oakland, and will discharge and receive freight there at the San Francisco rate. Our understanding is that you will have a dock completed in about 90 days, and in the meantime we will agree to deliver all freight consigned to Oakland to our line at Alameda street wharf without any additional charge for transportation across the bay."

"That is a start. The work is progressing well. The dredger is working, despite some rumors, and working cheaply and satisfactorily. We have plans for construction, and we have plans for business—and it's coming. We are planning changes in the Franklin-street and Broadway wharves. You know there's a 'dead line' at Seventh and Twelfth streets where cars stop running at 'breakdown'—that's the middle of the estuary where we're through."

PRaises REES' PLANS.
Dr. George H. Derrick spoke on the need of proper depth for ships in a harbor and declared that, if elected to Congress, he will fight for harbor improvements. He praised the Rees plans and urged their support.

J. H. Flynn, the first Oakland harbor engineer, declared that the Rees plans were only his plans, discarded years ago, extended to Richmond. "What I told the people then they wouldn't believe," he declared, "but now they realize that they have got a harbor."

PIONEER ALAMEDA DIES.
ALAMEDA, Oct. 2.—Mrs. Harriet T. Manley, a pioneer resident of this city, passed away at the Manley family home, 1301 High street, today. She was 70 years of age, and had lived in Alameda for twenty-three years. She was a resident in California for sixty-three years and is survived by a husband, George Manley, and four children, George B. and Charles F. Manley, and Mrs. Ada Gray and Mrs. May Hooper. The funeral will be held at the late home of the deceased Monday morning. A requiem mass will be celebrated at St. Joseph's church.

WAS WHITLOCK HELPED IN EXPOSITION SWINDLE?

SAN FRANCISCO, Oct. 2.—The contractors who allege they were swindled by "Honorables" Richard Whitlock of New York, who pose as the confidential agent of Hayti and Santo Domingo, are anxiously awaiting news of his capture. United States District Attorney John W. Preston said this morning that he had received no further word from the metropolis, although the officers there are not waiting for the arrival of his warrant before seeking to apprehend the much-wanted man. Already the chase has been taken up and the government's agents, according to latest reports, are on the trail of the accused.

**NEW LEADING MAN TO
APPEAR AT COLUMBIA**

A new leading man in the person of Gerald Griffin will make his first appearance with the Dillon and King company at the Columbia Theater next Sunday in the season's latest musical sensation, "The Speed Limit." Griffin is an actor of exceptional ability and a singer of considerable note. He has just returned from a vaudeville tour of the eastern cities, where he won considerable fame as the "Irish Tanager." Griffin will have

an important role in the Columbia's new production.

Several of last season's favorites will be noticed in the cast next Sunday. The following principals will enact the leading characters in the "Speed Limit": George Spaulding, Vilma Stech, Jack Wise, Ruby Lang, Gerald Griffin, Vera Vaughn and Madeline Mathews. A chorus of twenty pretty and shapely girls will be a special feature of the opening attraction and the productions to follow from week to week.

An attractive musical program has

been arranged for the evening by Director Jack Haywood. Many of New York's latest musical hits will be heard for the first time in Oakland.

"ROME" LECTURE'S THEME.
"Rome, the Eternal City," will be the theme of Ford E. Samuels' lecture at the Jefferson school, Twenty-ninth and Carrington avenue, this evening. Samuels delivered a lecture on the same topic last season, but owing to the popularity of the subject it will be again repeated tonight, with stereopticon slides.

GIRLS! BEAUTIFUL, CHARMING HAIR NO DANDRUFF—25 CENT DANDERINE

Try This! Doubles Beauty of
Your Hair and Stops It
Falling Out.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it across your hair, taking one small strand at a time. This will cleanse the hair of dirt, dandruff and excessive oil and in just a few mo-

ments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and love to see it surely not a 25-cent bottle of Danderine from any drug-gist or toilet counter, and just try it.

GIRL ACCUSED
OF HIGHWAY
ROBBERY

SAN FRANCISCO, Oct. 2.—Nina Clark, 19 years old, with blue eyes, brown hair and a winning smile, is in the city prison facing a possible robbery charge. Frightened by her predicament, but protesting her innocence of wrongdoing and characterizing her actions as the result of the evil influence of a friend and neighbor, who had found the "holdup game" profitable, the girl this morning pleaded with the police to give her liberty. In the event that her story proves to be true she may bring about her own release providing she goes on the witness stand against her suspected confederates, both of whom are in custody for participating in a robbery in August, 1913.

The sum total of Nina's share of the loot, she says, was 45 cents, and with this "chicken feed" she treated her supposed accomplice and his sister to a moving picture show.

WOMAN HELD WEAPON.

Nina was arrested by Detectives McGrath and Suttman as she was returning with a young man from the Wigwam Theater at midnight. She was hustled off to prison, where Fred Rest and Peter Nelson, the alleged confederates, had preceded her. All are accused of holding up Charles Brown, a Mission and Charles streets, and robbing him of a watch and \$50.

Brown says the woman held a pistol close to his head while two male accomplices robbed him.

"I am not a girl who would do anybody even the least bit of harm," declared Miss Clark through her tears at the city prison this morning. "I didn't hold the gun to the old man's head, but I stood on the corner while the boys went through his pockets. I was afraid not to go with them. Rest, who lives across the street from me, said he was making a lot of money and that I ought to get some of it. I said I don't want to do anything like that, but he said I ought to go along that night and I remembered how roughly he had treated another girl in our neighborhood and I was afraid of him. They took \$50 and a watch from the man they held up and when I went home afterward I was frightened and told my mother. She warned me not to have anything further to do with those bad boys, but later Rest came to me and gave me 45 cents and said it was his share of the holdup. He said I ought to take it and his sister to the theater and spend the money. I asked if he hadn't gotten a watch and he said he had and had pawned it, but that he obtained nothing for it."

Wilson Will Invite
National Educators

A joint resolution, formally passed by the United States Senate yesterday morning, has instructed President Woodrow Wilson to issue as soon as possible an official invitation to the countries of the world to participate in the International Congress of Education, to be held here in 1915 in conjunction with the great National Educational Association Convention. News of the resolution was relayed by wire to Managing Director Joseph E. Caine of the Commercial Club, who secured the convention for Oakland and directed the campaign in Congress, this morning.

The session of the educators of the world is to be held from August 15 to 27, immediately after the National Educational Association, brought to Oakland through the efforts of the Commercial Club. The sessions will be held in the Oakland Auditorium.

BLEDSE DISCHARGED.
A. J. Bledsoe, a wealthy legal book publisher of San Francisco, who was recently arrested on a charge of failure to pay his direct taxes, Jessie L. Bledsoe, \$100 per month alimony, gave satisfactory evidence before Justice of the Peace Quinn today that he had fulfilled his obligations to his former spouse and was discharged from custody. The couple were divorced in April, 1913, and last June married again.

MRS. KINCAID FREED
Dismiss Charge of Poisoning Woman

AUBURN, Oct. 2.—Justice of the Peace B. P. Guyan has dismissed the charge of murder against Mrs. Eva Kincaid, on the request of Mrs. Kincaid's attorney, H. H. Fry, of San Jose. Mrs. Kincaid was accused by District Attorney Alfred E. Clark of murdering her friend and benefactress, Mrs. Katherine Elliott, in this city last January, while the two women were employed as nurses in a local hospital.

ORGANIZE HUGE
PAPER COMPANY

Crown-Willamette Concern Is
Formed by Consolidation:
\$13,000,000 Capital.

Capitalists of Portland and San Francisco have just completed operations for the consolidation of the Crown Columbia Paper Company and the Willamette Pulp and Paper Company, which they have organized under the name of the Crown-Willamette Paper Company, with an authorized capitalization of \$13,000,000.

The purpose of this new organization, which will operate in Oregon and California, is to reduce the present operating expenses of the paper mills on the Pacific Coast. The process of this reduction is to eliminate the duplication of fixed charges, thus enabling them to compete successfully with the concerns in British Columbia, Norway and Sweden, which have been very active on the coast since the reduction of the tariff.

The corporation will take over the immense mills at Camas, Wash., and Floriston, Cal., and in addition to these they will maintain large concerns in Los Angeles and San Francisco, whose capacity will be equal to that of the other mills operating up and down the coast.

The details of the organization are not yet known, but it is generally understood that it will be incorporated in the State of Maine, and that the managers will be the same who have had charge of the two concerns who have incorporated.

The mills at Camas are known as the largest and best of their kind in the world; they have a capacity of 175 tons per day, consisting of high grade tissue, toilet and wrapping paper and paper bags. Those at Floriston deal chiefly with wrapping and tissue paper, and have a capacity equal to the Camas mills. Floriston is situated in the heart of the Sierras and the mills themselves are situated over 1000 feet above the sea level. They are thus convenient to the native timber requisite for the manufacture of paper pulp, which is utilized for the making of various grades of paper.

When the two companies are incorporated and working in unison they are expected to turn out at least 450 tons of paper a day, and it is expected that this will cover the demand for paper of all sorts on the Pacific Coast; also the reduction of prices that will ensue of the consolidation will of necessity reduce the demand for the paper of the foreign concerns, who will not be able to make such a decided cut as under the existing circumstances.

Mrs. Wahl May Be in
Contempt of Court

SAN FRANCISCO, Oct. 2.—The refusal of Mrs. Grace Herbert Guggenheim Wahl to answer questions put to her in connection with the disbarment proceedings of Louis Warner, the New York attorney who obtained her divorce from the youngest son of the house of Guggenheim, may lead to punishment for contempt. Whether or not this step will be taken is a matter to be decided today by Superior Judge Sturtevant.

This morning a list of questions propounded to Mrs. Wahl, and which she refused to answer was submitted to the court. If from his viewpoint the queries are such as could and should be readily answered by the witness there may be taken to force her to reply to them or take the consequences of her determination to remain mute.

Mrs. Stocker's Yacht
Makes Trip via Canal

LOS ANGELES, Oct. 2.—The \$100,000 yacht California, belonging to Mrs. Clara Baldwin Stocker, arrived in San Pedro harbor today, after a cruise from New York by way of the Panama canal. The California is the first yacht to sail through the canal, according to reports from the harbor.

Mrs. Stocker, wealthy Los Angeles woman and daughter of "Lucky" Baldwin, sailed on the California from New York harbor to race through the canal, but later abandoned the cruise, and returned to her home at Ocean Park.

The yacht left New York August 3 and came straight through to Los Angeles.

SIKHS MUTINY
AND SIXTEEN
ARE SLAIN

LONDON, Oct. 2, 1:15 p. m.—In a telegram from Calcutta, the correspondent of Reuters Telegram Company describes a mutiny of Sikhs, brought back to India after being treated as mutineers to British Columbia. Sixteen of the Indians were killed. The correspondent transmits a communication on this situation issued by the Bengal government as follows:

"The Sikh passengers on the steamer Komagata Maru, refused permission to land at Vancouver, British Columbia, arrived at Rajahmundry last Saturday. Some of them refused to board a train for the Punjab and opened fire with their revolvers. One European was killed and several others, including the commissioner of police, were wounded. One Punjab policeman was killed and several were wounded. Troops were compelled to fire to check the rushes of the Sikhs and 16 of the rioters were killed. The remainder were scattered to surrounding villages and later were rounded up."

The Hindus who mutinied at Rajahmundry are the men who for more than three months resisted the Canadian government's order of deportation, but who finally were compelled to return to India from Vancouver on the same ship that brought them out, the Japanese steamer Komagata Maru.

NAB ALLEGED
DYNAMITE
PLANTER

J. P. Emerson, arrested here last night on advice from Martinez, is alleged to have obtained money by "planting" dynamite and then "discovering" it, subsequently making the property threatened and receiving rewards for so doing.

The specific charge against Emerson is that he broke into a freight car at Bay Point and stole some dynamite. H. C. Brokaw, manager of the Merchants and Manufacturers' Association of Stockton, has had Emerson under investigation. Brokaw alleged that Emerson had systematically "planted" explosives with a view to warning those endangered in order to obtain money.

Emerson was arrested several days ago at Bay Point for having a suitcase filled with dynamite in his possession. He said that he had found it and was released. It was later discovered that he owned the suitcase. Emerson was arrested at 563 Forty-sixth street.

BURGGLARS GET MONEY.
SAN FRANCISCO, Oct. 2.—Burglars who broke into the residence of Mrs. A. C. McKenzie, 1710 Larkin street, last night, carried off jewelry and coin of the value of \$315.

Warriors of Kappa
Sigma's Search for
'Frat's' Protector

BERKELEY, Oct. 2.—Warriors of the Kappa Sigma fraternity have issued their list of battle loss and it contains the item: One brass cannon, weight 200 pounds. Last night they participated in the pajamero rally of the university students at the Greek Theater. They hauled the cannon there for the pajamero war scene and fired it off several times. When they started to leave for home the artillerymen looked for their gun in vain. Some one else, probably of another fraternity, took the Kappa Sigma's brass cannon and carried it off as a trophy. Now the Kappas have appealed to the Berkeley police to become their allies in its search. Formerly it stood before the Kappa Sigma house at 2522 Ridge road.

Miss Keen Returns
From Explorations

VALDEZ, Alaska, Oct. 2.—Miss Dora Keen of Philadelphia returned yesterday from Harriman and College, Florida, Prince William Sound, where she went August 15 with three men to explore the glaciers of the Florida and the mountains back of them. Miss Keen, who has done much mountain exploration work in Alaska, said she had obtained valuable photographs showing marked changes in glaciers emptying into Prince William Sound. The approaches to the glaciers were extremely difficult, she said, because of solid packs of fallen icebergs. Miss Keen will leave by the next steamer for Seattle.

WOMAN GIVEN
ETHER TELLS
OF KILLING

LOS ANGELES, Oct. 2.—Statements gathered by Mrs. Frank Lang, also known as Miss Jennette Huffman, of Los Angeles while under an anesthetic for the treatment of wounds on her head, yesterday led to the arrest of a woman on suspicion of murder and to the subsequent finding of the body of Fannie Curtin, a motion picture actress, in a vacant ranch house near Riverside. Two men also are under arrest on suspicion of being implicated in the alleged murder.

Mrs. Lang visited the home of Dr. R. G. Roberts yesterday to have her wounds treated. As the fumes of ether began to take effect, the patient spoke of fighting with another woman and of shooting her, according to the physician's statements. Dr. Roberts summoned the police and detectives, then talked to the semi-conscious woman. From questions the police learned the location of the house near Riverside and the names of Frank Garfield of Los Angeles and George Ellis of Riverside, who are alleged to have witnessed the affair.

After her arrest Mrs. Lang denied that she did the shooting, saying that Miss Curtin committed suicide. Officers, however, claim that the statements of Mrs. Lang (Continued on Page 14, Col. 3)

Best Laxative
for Children

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, in all probability the digestion has become deranged and the bowels need attention. Give it a mild laxative, dispel the irritability and bring back the happy content of babyhood.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin. It contains no opium or narcotic drug, is pleasant tasting and acts gently, but surely, without griping or other distress. Price, 50c per bottle. Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

MILLS ASSOCIATION
REVISITS OLD SCENE

The October meeting of the Mills Association of Alameda County was held at Mills College yesterday afternoon in the assembly hall of the Margaret Carnegie Library Building. The president, Mr. William Nat Friend, was in the chair.

During the last state convention of the Native Daughters of the Golden West, 300 delegates made a pilgrimage to Mills, guests of Oakland parlor. On that occasion Dr. Farrel welcomed the visitors and so aroused their enthusiasm (many of them being of the alumnae of Mills) that in fifteen minutes \$500 had been collected in individual subscriptions, to be devoted to founding a scholarship. Since then different parlor have increased the fund to more than \$700.

Attention was drawn to the play to be presented on the campus at Mills College on the evening of Friday, October 3, when will be produced Ben Jonson's "The Sad Shepherd." The semi-annual alumnae meeting will be held in San Francisco this month.

The next meeting of the association will be held at the home of Miss Jeanne Gregory, in East Piedmont Heights. Mrs. Friend has invited the association to be her guests in December.

WITNESS AGAINST
HAMILTON GONE

Mrs. Kinsner Will Not Be in
Oakland to Testify Against
Accused.

It is probable that when the trial of Bertha Arnett Hamilton, all-god-for-beret, is called before the Superior Court October 10, the chief witness against the defendant, Mrs. William Kinsner, will not be in Oakland to take the witness stand. It will be necessary to rely on the reading of her testimony from the transcript of the record of the preliminary examination to gain a conviction.

Mrs. Kinsner left the Burchard Apartments in Telegraph avenue some weeks ago, and is believed to have gone to the home of her father, Dr. J. W. Mickle, of St. Louis, Mo. Mrs. Kinsner's sister, Mrs. Jeanne Mae Dunbar, who was the latest victim of Hamilton's polygamist tendencies, is also with her father. It is thought that Mrs. Kinsner's departure from Oakland was due to the fact that she disliked the notoriety connected with the case, and also to the fact that she was lonely here without any of the members of her family.

It is rumored that Mrs. Bertha Arnett Hamilton, the second or third wife of Hamilton, attempted to persuade Mrs. Kinsner not to prosecute him on the charge of obtaining money under false pretenses. There is a possibility that this may have had something to do with her mysterious departure.

It is probable that Mrs. Bertha Arnett Hamilton will be the only one of Hamilton's wives to be present at the trial.

WOMAN HELD IN
MURDER MYSTERY

Los Angeles and Riverside
Authorities Investigate
Strange Case.

(Continued From Page 13)

ACCUSES WOMAN.

The latest detective of two counties are hunting down clues that may solve the mystery.

How the girl went from Los Angeles to Riverside, and what was the reason for her staying, are problems that confront the police.

Garfield, according to the police, stated that the Lang girl had fired the fatal shot.

Ellis was arrested as he visited the house of death at Riverside, while Sheriff Frank P. Wilson and Coroner Jackson were inspecting the premises after finding the body.

Ellis told the Riverside authorities that the mysterious young woman killed herself.

SAYS IT WAS SUICIDE.

The girl says she was present when the other girl was killed, but declared that the Corbin girl had shot herself.

Garfield, under examination, intimated that the Lang girl had shot the other woman, according to the police.

The killing happened about 11:30 o'clock Tuesday night, Garfield said, according to the police. "I was out in the yard and I heard the two women quarreling. Then I heard a shot. I ran into the house and saw the woman lying dead. Then we all ran away from the place."

Confronted with the facts uncovered by the police in the murder mystery, Mrs. Lang broke down and confessed at the city jail today that she had been in the room at the time of the shooting.

"She shot herself," she sobbed.

"We were alone in the room and Garfield and another man were outside."

"Do you know why she shot herself?" she was asked.

"Oh, no; I don't know."

"Why did you run away?" she was asked.

"It was so terrible and I was frightened."

Mrs. Lang refused to answer any further questions, but pleaded to be left alone.

She refused to tell the police how she was injured in the forehead.

The woman gave her age as 23 and said that she had lived in Los Angeles for several years.

For sectioned by Sheriff Wilson and District Attorney Evans, Ellis told a story of what had occurred at the house of death Tuesday night and of the events that followed.

Ellis, according to Sheriff Wilson, said he, Garfield and the dead woman were at the Magnolia avenue house, Garfield had charge of the ranch there. Ellis said, according to Wilson, about 11:30 o'clock Tuesday night, Ellis said, the woman shot herself in the head.

They feared to make any report of the shooting, Ellis said. And Ellis and Garfield remained about the place until last night, when Ellis drove Garfield to Los Angeles in an automobile and then returned to Riverside.

"I was just getting back," said Ellis to Wilson, "when you fellows met me at the house."

TO FORM LIBRARY DISTRICT.

The formation of a library district to raise funds to purchase a new Carnegie library site near Alden was discussed at a meeting of the Alden branch library club held last night at the Emerson school. A committee composed of Attorney Charles L. James, J. J. Sonders, G. W. Van Pelt, M. M. Kirby, Mrs. Harry Brown and Mrs. Frances Williamson was appointed to draft a resolution assuring the library board that residents of the Alden district would aid in work connected with the proposed library.

Professor E. L. Under-Sailler, and Kirby and Mrs. Williamson were elected to speak at the next library board meeting. There are 160 new members of the Alden branch library club.

If Peevish, Feverish, Tongue Coated, Give "Fruit Laxative at Once."

No matter what ails your child a laxative should be the first treatment given.

Look at the tongue, mother! If coated it is a sure sign that "little one's" stomach, liver and bowels need a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in just a few hours all the clogged-up, constipated

waste, sour bile and undigested food will gently move out of the bowels and you have a well, playful child again.

Sick children need to be coaxed to take this harmless fruit laxative. Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Why America Should Now Lead in Beauty Culture and Fashions

PART III.

The French as a nation have taste, tradition and remarkable dexterity in the finer branches of manufacturing, and this unusual combination probably explains the fact that they have absolutely led the world in the originating of fashions. They have not only made fashions for their own women, but, when these did not become the women of other countries, they have provided special designs for them. Any country that takes this supremacy from France will in a large measure be forced to duplicate conditions existing there.

As was said in an earlier part of this lesson, the originator of the dressmaking business in Paris was an Englishman and the business heads of most of the important firms there are foreigners. While the French are thrifty and painstaking,

they are not particularly successful in big organizations, and it is in this direction that the foreign element has been to the fore, in making a big business out of the various small industries that made up formerly the dressmaking force.

ALL RAW MATERIAL AT HAND. In France all the materials for dressmaking are at hand. Silks are now produced in large quantities in both England and America, but Lyons leads the world in producing the most beautiful broadcloths, velvets, all the higher grade of dress materials. The same is true of laces, trimmings and embroideries; while the rest of Europe and America produces them, the most exclusive lines are in France or near by.

In regard to the workshop the French have had a great advantage over other nations. The French working girl, partly by instinct, partly from training and heredity, takes naturally to needle work and every branch of dress producing.

THE INCENTIVE TO DESIGNING. The designing of gowns seems in the very air of Paris. Its art galleries and museums provide the necessary elements, and the fact that costumes have always originated there furnishes a certain inspiration. Yet that the French are the only originators of successful designs is disclaimed by the recent world-wide success of the Russian and Munich designers.

Not the least important asset in Paris supremacy in matters of the toilet lies in the support given it by the women. French women have sufficient taste to direct their own costumes, they have sufficient knowledge of the art of dressmaking to trust their couturier when it is best to do so. They have a respect for this business and it is their respect and encouragement that has raised it to an art.

MRS. JAMES LEA (ABBY SANBORN), WHOSE WEDDING TOOK PLACE YESTERDAY.

AN EFFECT of the war in Paris is a strange sartorial indifference—Paris women slighting their toilettes. They are dining in tailor suits and shirt waists at the Ritz. A California woman saw it done and has returned to tell the story.

There has been always an inviolable rule of evening dress for dinner at the Ritz. Until a month ago no one would have dreamed of breaking it, and whoever had so dreamed would have met the cold resistance of the Maitre d'hotel in any attempt to dine informally attired, at the Ritz. It would have been very unpleasant.

But the war that may change the map of Europe has smashed the rule at the Ritz to pieces. One dines there in any old thing these days, the California woman says. It is revolutionary at the Ritz.

But France is in mourning, and the vanities are forgotten. Very much as they were in San Francisco after the fire, when people were too concerned with greater things to care about clothes and women of Pacific avenue wore corduroy outing suits down town, and Greenway beaux dined in khaki.

None of the new models are seen in Paris. No one has brought new things. There are, in fact, no new things there to buy.

It develops a remarkable situation. The winter modes were designed and sent to America early in August. Thus, while American women will be convinced down to the minute this year the women of Paris will be passed out of season and indifferent to the fashions.

War is truly deplorable.

INTERESTING ENGAGEMENT.

An engagement of interest to society is that of Miss Mildred Lenore Mattice to Robert Huntington, son of Dr. and Mrs. W. Huntington of Piedmont.

Miss Mattice, who is a graduate of Mills College, is a belle of Seattle society and the belle of the Pacific Northwest. She is a pretty, vivacious girl who won honors in tennis and other sports at college and is an accomplished musician.

Dr. W. B. Mattice, is president of the Citizens' Bank. The young couple met last winter at a dance at the Hotel Oakland, and were engaged before Miss Mattice returned to her home in the north.

She is a pretty, vivacious girl who won honors in tennis and other sports at college and is an accomplished musician. Robert Huntington, who is secretary-treasurer of a mercantile company of Oakland, is the elder son of Dr. and Mrs. Huntington. After his graduation from the University of California he passed two years studying languages and music abroad. He was a member of the Phi Delta Theta fraternity at college. He recently returned from a business trip to New Orleans and is at present visiting his fiancée's family in the north. A Competitor Reproached Us for This Offer of \$3 Long White Kid Gloves for \$2.35

When We Made it Several Weeks Ago

"Why do you do it," said he, "when the wholesale price is nearing that point? You should be raising the price instead of lowering it." That was his way of looking at it. Our way is to give you price benefits just as long as we possibly can, although we are free to admit that this may be the last time we shall be able to favor you with such savings. Indeed, we could not have made tomorrow's offer if a conscientious wholesaler had not sent us these gloves at former prices because we placed the order before the war.

Be safe by buying these Gloves tomorrow, for the long gloves will be the first to be directed by war prices. They are full 10-button length, of fine quality kid skin and come in a complete range of sizes.

Our Fine Derby Kid Gloves are Still \$1.50

More shapely Kid Gloves than these were never made or more serviceable. For this reason we long ago secured the exclusive Oakland agency, and the hundreds of satisfied women who have bought them are the best testimonial to their worth. They have two clasps, Paris point embroidery on the back and come in black, white and colors.

"Trion" Kid Gloves \$1.25 at the Same Price

A popular priced Pique Kid Glove that gives splendid service and one that we can always recommend to fit perfectly. They are made with a single large clasp, have Paris point embroidery on back and may be had in white, black or the favorite colors. No better glove made at \$1.25.

MUST HANDLE PARCEL POST MATTER CAREFULLY

WASHINGTON, Oct. 2.—Strict orders for the exercise of greater care in the handling of parcel post mail matter by postal employees were issued by Postmaster-General Burleson today. Employees are warned that they will be held accountable for any damage resulting to the mails for which they have been responsible.

The orders were issued as the result of numerous complaints to the department of the receipt of parcels in bad condition. Investigations, the Postmaster-General says, showed that in some instances parcels were not properly packed, and in others that the trouble was due to careless and rough handling of the mails.

Hansel Sweater

Here is an idea taken from the peasant dress of a tiny Belgian. It is intended for a serviceable knock-about sweater—and the yarn will stand the wear. But it is so pretty that you will probably want to keep it for "best." You will find it easy to make and a charming gift. Although the Fleisher Yarns are the finest made, the quantity required for this garment costs less than a dollar fifty. Send the coupon below for free directions. The yarn used is Fleisher's Germantown Zephyr, 4-fold—one of the sixteen

FLEISHER YARNS

A garment must hang well. It must be soft and warm. It must stand hard wear. No matter how great your skill you cannot put these qualities into your work—they are yarn qualities. SOUR STOMACH, COLDS, HEADACHES,
REGULATE YOUR BOWELS—10 CENTS

Turn the rascals out—the head-
ache, biliousness, constipation, the
sick, sour stomach and bad colds—
turn them out tonight with Cascarets.
Don't put in another day of dis-
tress. Let Cascarets sweeten and
regulate your stomach; remove the
sour, undigested and fermenting food
and that misery-making gas; take
the excess bile from your liver and

carry off the decomposed waste mat-
ter and constipation poison from the
bowels. Then you feel great.
A Cascaret tonight will straighten
you out by morning—a 10-cent box
from any drug store will keep your
head clear, stomach sweet, liver and
bowels regular and make you feel
bully and cheerful for months. Don't
forget the children.

ONTARIO TO HAVE
YOUNG PREMIER

Minister W. H. Hearst Is Asked
to Form New Provincial
Government.

TORONTO, Ont., Oct. 2.—It was of-
ficially announced yesterday that W.
H. Hearst, minister for forests, lands
and mines in the Whitner government
and the youngest member of the Onta-
rio cabinet, was last night sum-
moned to the government house and
asked by the Lieutenant-Governor to
form a new provincial government.
This disposal of the question as to
who is to succeed the late Sir James
Whitner, Hearst will continue to hold
the portfolio of lands, forests and
mines, and the only change in the
personnel of the government is the

appointment of Findlay G. MacDiel-
lard, member for West Elgin, to the
portfolio of public works, resigned by
Dr. Reame.
2. Lucas, provincial treasurer,
succeeds J. S. Hendrie, the new lieuten-
ant-governor, on the hydro-electric
commission.
Sir Adam Black is no longer a
member of the government without
portfolio, his resignation being at his
own request on the re-organization of
the government, his wish for a long
time having been to devote his whole
attention to the hydro-electric de-
velopment with which his name is so
prominently associated.
The new premier has represented
Sault Ste. Marie since 1908. He en-
tered the cabinet in 1911.

OLDEST GRADUATE DIES.

ated with the class of 1841, died last
night. He was 97 years of age.
BANDIT CAPTURED.
SAN FRANCISCO, Oct. 2.—Special
Policeman Arthur T. Hall added an-
other to a long list of captures by
disarming and arresting one of a trio
of highwaymen who last night held
up Abe Mendelson's Vineyard saloon,
Sixth and Howard streets.

ADMITS FAILURE
TO SHIELD WIFE

The Plaintiff in Alienation Suit
Testifies He Tolerated
Affinity.

Yuba City, Oct. 2.—Admission tending
to show that he did little to shield his
wife from the subsequent wreckage of
their home and that he virtually encour-
aged the alliance, were made by plain-
tiff, Fred W. Beste, during the trial of
the suit which Beste has brought against
Charles Doty to recover \$25,000 damages
for the alleged alienation of Mrs. Beste's
affections. Beste, both in reply to his
own counsel and upon cross-examination
by Attorney Carlin counsel for Doty, ad-
mitted that he permitted Doty to remain
under his roof long after his suspicions
were aroused by the actions of Doty and
Mrs. Beste.

Kennett, Oct. 2.—This city had a \$60,000
fire last night, and the main street is
stripped bare of business buildings and
dwellings. The Kennett Hotel, three
stories high and the largest structure in
town.

San Jose, Oct. 2.—Excitement over win-
ning \$2500 in a lottery by his son, Chas-
land Noble, and over a proposed trip to
Oakland, caused the death of C. O.
Noble, a shoemaker and Civil War vet-
eran, who dropped dead here yesterday.
Mattland Noble was here yesterday
making arrangements for his parents to
move to Oakland. He had been gone only
a short time when he was recalled by
news of his father's death. Dr. L. V.
Saph, who signed the death certificate,
said death was due to hardening of heart
arteries.

Sacramento, Oct. 2.—Troop A of the
First Squadron of Cavalry located in
Bakersfield, which came near being mus-
tered out of commission last June by
Adjutant General F. A. Forbes, was re-
cently inspected by Lieutenant A. B.
Dockey of the United States Army. He
reports the troop to be in first-class con-
dition, and one of the best in the State.
Bakersfield did not prize the troop until
the militia head ordered it mustered out.
Immediately the promotion bodies of
Bakersfield sent a committee to Sacra-
mento to save the organization, and suc-
ceeded in securing for it another chance.

One, Shasta Co., Oct. 2.—Joseph H.
Williams, Shasta county pioneer, died
here at the home of his daughter, Mrs.
W. W. Sublett. The deceased was born
in Missouri and was aged 80 years.

CHURCHES ANSWER WILSON'S APPEAL

Oakland Edifices to Observe
"Peace Sunday" With
Special Services.

WASHINGTON, Oct. 2.—Presi-
dent Wilson will join in the gen-
eral observance of "Peace Sun-
day," October 4, by attending
church once, and possibly twice.
In the morning he expects to go
to his regular church, and in the
afternoon he may attend special
peace services at the Episcopal
Cathedral, St. Ann St. Al-
bany. The president's procla-
mation setting aside the day as
"Peace Sunday" will be read in
all the churches.

INSTEAD WILSON'S APPEAL.

In answer to President Wilson's
appeal the churches of Oakland are
all preparing for special peace ser-
vices to be held next Sunday.

At Saint Paul's Episcopal church
special services as suggested by
Bishop Greer from New York are to
be given. Rev. Alexander Allen has
prepared a sermon called "The Prince
of Peace," the text being taken from
the ninth chapter of Isaiah, verse six.
A special vesper service will also be
held at 4:30 in the afternoon, for
which some very beautiful music has
been provided.

All offerings which are taken up
during the day will be given the Na-
tional Red Cross Society.
At the First Congregational church
also the day is to be honored. In
the morning the usual communion
service will be given and in the even-
ing a special service will be held at
which the Rev. Van Horn will preach
on "What Is the Use of Praying for
Peace?"

PRAYER FOR PEACE.

The Triple Alliance Which Will
Bring Peace to the World, to be
the subject of a sermon at the Meth-
odist Episcopal church by the Rev.
G. W. White next Sunday morning,
when special peace services are to be
held.

At the First Baptist church of Oak-
land, Rev. W. L. Smith will preach
on "The God of Battles and the
Prince of Peace." And an especially
augmented chorus will sing.
At the Catholic church of St. Francis
de Sales peace services will be
held also at the First Lutheran
church. Rev. William Day Simonds
will speak on "Praying for Peace to
the God of Things as They Are" at
the special morning peace service at
11 o'clock.

St. Edward F. Gee, rector of St.
Peter's Episcopal church, announced to-
day that peace services will be held Sun-
day morning at St. Peter's. Eucharist
will be at 9 o'clock. Morning prayer will
be at 11 o'clock, when Austin Sperry will
sing Kipling's "Recessional."

SERVICES IN SEE.

Archbishop Edwards of San Francisco
has issued orders to all the Catholic
churches of California to hold an
special votive mass "Pro re gravi" and
also for them to select the mass "Pro
Pace"—the mass for peace. Special peace
services will also be held in most of the
churches.

St. Rev. Edward Hanna, who has just
returned from Rome, will preach a peace
day sermon at St. Mary's Cathedral, and
as next Sunday is Rosary Sunday, the
Catholic church throughout the world
always celebrates the victory of the
spirit of peace over war. For it was over
500 years ago, when, as true pious ones
believe, the great victory of Lepanto was
won through the efficacy and power of
prayer, the first Sunday of October was
set aside, as the great Peace Day of the
year, and a special feast was estab-
lished by Pope St. Pius V.

The day is also the feast day of St.
Francis of Assisi, in whose honor San
Francisco was named, and founder of the
Franciscan order.
In the Dominican congregations, such
as St. Dominic's in San Francisco and
St. Vincent's in Vallejo, "Rosary Sun-
day" is also a day especially celebrated,
when a plenary indulgence may be had
by making fervent prayers, either before
"Our Lady's altar," or before her statue in
the church.

President Denechaud, of the American
Catholic Federation spoke at the annual
convention at Baltimore this week, when
he said:

"Public sentiments should be quickened
and Congress impudently to cause the
nation to make the first overtures for a
truce, sincere and lasting agreement
among the peoples of the world for inter-
national peace."

APPROVE PLANS FOR TRAVELERS' SOCIETY

Plans for a Travelers' Aid Society in
California, to aid in protecting travelers
during the Exposition, were approved by
Oakland business men yesterday at the
luncheon of the Commercial Club, and
are today being rushed to completion by
committees formed at the meeting to
carry on a financial campaign and other-
wise aid in the work.
The plan was laid before the meeting
by Orin C. Baker, general organizer, and
J. E. Caine and F. W. Bilger also spoke.
The aim of the society will be to see
that travelers are not misled, cheated
or lost.
The work of raising a \$25,000 fund for
the work for the state is now under way,
a special committee being at work to
raise \$5000, Alameda county's share.

NAMED COMMITTEE HEAD.

Curtis Wright Jr., for the past year
vice-chairman and head of the execu-
tive committee of the manufac-
turers' committee of the Chamber of
Commerce, was last night named
chairman to succeed John T. Scott,
who has retired. O. A. Kenyon was
named chairman. Following the elec-
tion, business followed the election, the
meeting being the semi-annual election
session.

BOOKS "MILESTONES."

"Milestones," one of the most re-
markable stage successes of recent
years, will come to the Macdonough
Theater October 22, 23 and 24. This
play is by Arnold Bennett, novelist,
and Edward Knobloch, the author of
"Kismet." The play will be presented
by a company which includes Flor-
ence Born, Mary Golden, Winifred
Latimer, Gerald Rogers, Katherine
Herbert, Pettie Barnell, Rupert Har-
vey, L. G. Carroll and Gilbert Cole-
man.

WHY NOT PUBLISH IT?

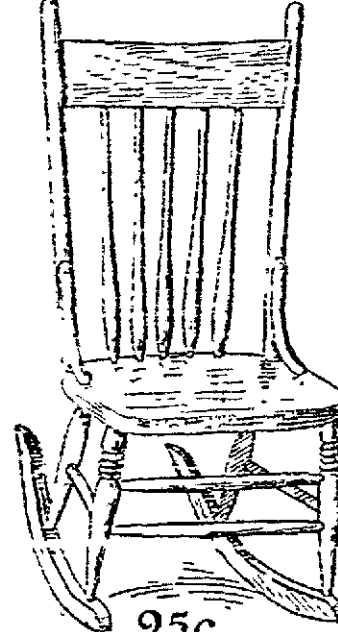

When you want a fact you become
generally known, the right way is to publish
it. Mrs. Joseph Kallars, Peru, Ind., was
troubled with itching, sour stomach and
frequent headaches. She writes: "I feel
it my duty to tell others what Chamber-
lain's Tablets have done for me. They
have helped me in every way and regu-
lated my bowels. I am feeling like a new
woman." For sale in Oregon by
